A review of the manufacturing conditions in this city clearly show that Willimantic is still struggling and has not as yet gotten back upon its feet. The fact, made known on the eve of a new year is of vital interest to the wage earners and the merchant alike. The review shows variations in the textile business which is an important factor in this city's business life. There are now five thousand wage earners in this city, of whom about 5,000 are employed in the textile plants and five hundred in other manufacturing concerns. The remainder are employed in business, service, etc.

Business is not entirely normal although practically all of the textile plants of Willimantic are operating on full time. It is stated by the heads of these concerns that orders are coming in at a good rate but they do not anticipate any great rush during the coming winter, and it is further stated that with the exception of one plant, the number of operatives will average from 10 to 15 per cent less than in previous years.

The majority of the plants are employing only a sufficient number of operatives to keep the plants working on full time. The American Thread Company now employs about 2,500 operatives, that is about eight per cent less than in busy times.

The Quindick-Windham Cotton Company state that on account of a slump in business they will have to reduce the running time. When the plant is in full operation about five hundred operatives are employed. At present there are only about four hundred on the list, it is the opinion of the heads of the textile plant that the plant will continue on full time during the winter months. They now employ about 350 operatives.

At the Holland Silk Manufacturing Company business is fairly good and orders are coming in steadily but not as fast as last year at this time. According to prospects the two hundred now employed will work full time during the winter.

Seventy-five operative are working full-time at the Windham Silk Company and the concern states that business is

picking up. At the three small plants of the H. K. and W. A. Washburn Company a slump in business is being experienced and the company now employs only about sixty hands. The J. D. Chaffee Silk Company is running in full schedule.

The Willimantic Machine Company and the S. Vanaman Manufacturing Company are employing much less than in normal times. Business is reported good at the Smith-Winchester Manufacturing Company, South Company, the L. M. Harrison Company of North Windham and the C. R. Harris Company of North Windham.

Rev. Frederic F. Forsyth of Fairfield, Me., has accepted the call to become pastor of the local Baptist church and has written that he would assume his new duties at the pastorate on January 1, 1923. The local church has been without a pastor since June 1 owing to the resignation of Rev. Arthur Deming Carpenter.

A reception was recently tendered Mr. and Mrs. Lander Lussier at the home of the former's parents. A luncheon was served and dancing was enjoyed. Those present were: Mr. and Mrs. Eugene Lussier, Mr. and Mrs. Elmer Lussier, Mr. and Mrs. David Cava, Lena Lussier, Eugene Lussier, Yvonne Lussier, Donat Lussier, Antonia Lussier, Leonie Lussier, Rudolph Lussier, Letitia Lussier, Mr. and Mrs. Clifton Lussier, Mr. and Mrs. Delphus Lussier, Wilfred Lussier, Leonie Lussier, Bertha Lussier, Mary Rose Richards, Mary Leone Richards, Joseph Gruber, Louis Delude, Mr. Chaitou and Mr. Girardin.

The funeral of Mrs. Isaac Roy was held Monday morning at 8:30 o'clock from the home of Pierre Roy at 22 Walnut street, followed by a requiem high mass in St. Mary's church at 9 o'clock. Rev. J. J. Papillon officiated. A delegation of the Ladies of St. Ann society and Council St. Cecile met the body as it was being borne into the church, and carried it to the sanctuary rail. The banner bearers were Mrs. Gedeon Cote, Mrs. Napoleon Maheu and Mrs. A. Calise, Mrs. Joseph Leblond, Mrs. Joseph Lariviere, Mrs. Paquette Gagnon, Mrs. Honoré Teller, were the honorary bearers. Special singing was rendered by the Ladies of St. Anne Society choir. Burial was in St. Joseph's cemetery where a committal service was conducted at the grave by Rev. Father Papillon. The bearers were Joseph Lariviere, Joseph Piche, Pierre Roy Jr., Adelard Roy, Eugene Roy, Philip Roy. The funeral arrangements were in charge of the Hurlau-Bosse Corporation.

The funeral of Charles Robertson was held from the home of his daughter in North Coventry, Monday afternoon at 2 o'clock. Burial was in the North Coventry cemetery.

Charles Robertson died recently at the home of his daughter. He was 38 years old. The deceased was born in Scotland, Mass., but had been a resident of North Coventry practically all of his life. He leaves one daughter, Mrs. Foster C. Hall, one granddaughter, Mrs. Florence E. Hall, three nephews, George H. of Willimantic and Walter and Fred of Kansas.

The funeral services for Charles J. Quash were held recently at 62 North street. Rev. David R. Overton officiated. Burial was in the Lincolnwood cemetery. The Rev. Mr. Shepard has charge of the arrangements.

The funeral of Edgar Bass was held Sunday at the Congregational Church House in this city. Rev. Harry S. MacCreedy officiated. Burial was in the Scotland cemetery. The Rev. Mr. Shepard has charge of the arrangements.

irregularities. Don't wait until it is too late! Every moment's delay brings added danger of serious kidney sickness. Get back your health while you can. Use Doan's Kidney Pills. Doan's have helped thousands and should help you. Ask your neighbor!

Read How These Norwich Folks Found Relief:

George Conrad, metorman, 211 Palmer St., says: "I have had attacks of lumbago at times caused by the constant jarring of the car. Some mornings when I first got up my back was lame and sore. I had severe pains that felt as sharp as a needle, cutting through my kidneys. I had dizzy spells, too. A friend advised me to try Doan's Kidney Pills and I did. They have always cured such attacks. Doan's do their work quickly."

Mrs. E. H. Chapman, 12 Stanton St., says: "I was feeling miserable with my back. I didn't know what caused the trouble but I made up my mind it came from my kidneys. Every move I made as though a knife were cutting into my back. When I moved quickly, I felt dizzy. A friend knew of my condition and told me to try Doan's Kidney Pills. Doan's gave me great relief. I have had to use Doan's only once in a while since and they have always given the same good benefit."

Hiram U. Neff, 405 E. Main St., says: "I have used Doan's Kidney Pills off and on for attacks of kidney trouble and rheumatic pains. The pains seem to settle mostly in my back and across my kidneys. At times they are so bad I can scarcely get around. I am hardly able to stoop or straighten on account of the pain. At such times I use Doan's Kidney Pills and they always remove the pains and my kidneys become natural in action."

"Fruit-a-tives" Brought Complete Relief

ASHFORD, New York.
I tried several kinds of physic for over three years and, of course, while I took it every night my bowels would move; but as soon as I stopped taking physic, I would be constipated and would have piles terribly.

I bought one box of "Fruit-a-tives" and took them. Now I am not troubled any more with Constipation or Piles. "Fruit-a-tives" or "Fruit-Lax Tablets" left no after-effects and now I do not have to use physic.

ANNOUNCEMENTS

To Have and To Hold, a Picture of Exceptional Charm and Brilliance at Broadway New.

The elaborate court of King James I of England, reproduction of historic Jamestown, Virginia in 1620; a fight between a pirate ship and a victim vessel, colorful properties and costumes galore, these are the big features of "To Have and To Hold," a romantic sea story produced by George Fitzmaurice which will be on view at the Broadway theatre today and Wednesday.

"To Have and To Hold" is a production of exceptional brilliance. The cast are such noted players as Betty Compson, Bert Lyell, recently a star to his own right, Theodore Roberts and Theodore Kosloff.

The adaptation by Ouida Burgess of Mary Johnston's story set in Jamestown, then to a desert island off Florida, then aboard a pirate vessel, in a manner that makes "To Have and To Hold" remarkable for action as well as color and costumes. Bert Lyell and Theodore Kosloff are the principals in a series of thrilling duels.

Others include Lloyd Hamilton in a comedy role "The Speeder" to a Selznick New.

Fine Program of Two Features at Strand

That yesterday's audience who witnessed the two fine features at the Strand were well pleased could be seen very easily by their smiling faces.

Sadie Doyle was a specialist in men. She knew them as an aviator knows his machine-control or a banker knows the money-market. They were her stock in trade.

Trapped in a big raid, Sadie faced the most difficult situation of her career. The rest of the gang were in handcuffs with policemen guarding every door and window. It looked like a hopeless case. There was just a glimmer of a chance.

It is one of the big dramatic moments in Thomas H. Ince's Skin Deep at the Strand theatre.

Another part has been found for Miss Diana, the little Metro star, which seemingly was a little constructed to provide her with an opportunity to display that reckless devil-may-care vivaciousness in the portrayal of which she is surpassed by no actress.

"They Like 'Em Rough" is her newest vehicle and it opened yesterday at the Strand theatre, where an appreciative audience has been waiting for her satisfaction with both the star and her picture.

The story is a most amusing one, with a touch of the sentimental, well flavored with thrills. This is the second feature on the program. Ask your friends what they thought of the show and then you will surely come.

Orphans of the Storm, Director's Most Ambitious Effort, Now Running at the Broad Theatre.

The public of this community have an opportunity to see D. W. Griffith's latest picture sensation, Orphans of the Storm, a United Artists' release, which will be shown at the Broad theatre today, Wednesday, December 6th.

A tremendous photograph built upon the story of Dickens' old stage favorite, The Two Orphans, and is Mr. Griffith's most ambitious effort.

In Orphans of the Storm, Griffith provides a contribution to history of the past, presenting it in an understandable, yet forcefully dramatic manner, whereby it might carry a warning for a future that can only come about by the past, by avoiding their cause.

Mr. Griffith aims to bring the facts and lessons of a time when our very civilization hung by the balance to the minds of the millions in this country in a manner more convincing than by means of books. Realizing full well his obligations and responsibilities, he has avoided no expense to have every detail thoroughly and historically correct. A better appreciation of our own government under which we live, and a desire to thwart in every possible way the machinations of those who would disturb the social and economic order which has made us great, is what he seeks to bring about.

The leading or title characters in Orphans of the Storm are played by Miss Lillian Gish and Miss Dorothy Gish. Other principals are Joseph Schildkraut, Frank Losee, Catherine Bennett, Monte Blue, Sidney E. Herbert, Morgan Wallace, Lucille La Verne, Sheldon Lewis, Frank Puglia, Creighton Hale, Leslie King, Kate Bragdon, Leo Kottler and Adolphe Lestina. Ten thousands others are seen in the various scenes.

Connecticut College Convention
The lecture at convocation at Connecticut college Tuesday at 4 o'clock p. m. will be Warren K. Moorehead, field director of the Archaeological Survey of New England. Subject: New England Indians and Recent Explorations in New England.

His excavations in New England and of ancient Connecticut especially are of local interest—objects of art and utility, or ornament and ceremony—treasures to wonder at and to learn from.

Mr. Moorehead, who spoke last winter before the New London County Historical Society, is at present interested in a movement to recover and preserve these relics of ancient man, which are of educational and historical value.

As an author, Mr. Moorehead has contributed to the study of archaeology several valuable works, based on his investigations of Primitive Man in America.
